HOW TO MAKE AN EXTRA
\$100 A DAY - INSPIRATION
WITHIN!

How to Make 100 Dollars a Day Creatively?

If you require a modest quantity of money, it's not that hard to find ways to get it. Nevertheless, if you require a significant amount on a regular basis-- say, an additional \$100 a day-- you face a far bigger difficulty.

Freelancing

If you're a business, you have the versatility to change variables such as your regards to payment, however sole traders and freelancers have fewer choices. With a pound of endurance, a pinch of imagination, and a cupful of lateral thinking, the recipe for victory could be yours. While it may be intimidating to consider, there are lots of methods to make additional money if you're prepared to put in the effort.

Listed below, we'll analyze a few of the leading opportunities for making money, and how you can best make the most of them. Let's take a look!

1. Compose a Book

e-Publishing is easy and complimentary-- certainly when using a service such as [Amazon's Kindle Direct Publishing](#). If you can compose a book or series that people wish to purchase, you can produce a stable stream of routine income.

In regards to what to compose, fiction is a competitive category-- and from the huge numbers of reduced or totally free titles available at any offered time, it's clearly a tough sphere in which to generate wealth.

Nevertheless, there's a far more lucrative and accessible market for niche 'how-to' and nonfiction books on a large range of subjects such as pastimes and crafts, for example. To be found by your target audience, ensure the title contains the real keywords that people will be searching for. For instance, the titles for books on sophisticated crochet, Hawaiian cooking, or esoteric DIY should include precisely those words.

Include words to the title that attract people to buy, such as "100 Great Ideas For ...", "X Made Simple", or "The Ten Best Ways to ...". For the content itself, make sure your text is easy to understand and utilize bullet points and pictures to guarantee any complicated directions are clear.

2. Introduce a YouTube Channel

[YouTube](#) has turned into a substantial market where materializing money is possible. For a start, it's simpler than doing the exact same thing on your site, due to the fact that the entire YouTube structure exists to support you.

Of course, you need to be able to talk and perform on camera (always necessary), and it will take a while and effort to build up a subscriber base. You'll have to publish frequently to keep people interested and get the faithful audience you need, however, start-up costs are fairly low in comparison to other opportunities.

If you can generate sufficient interest in your posts, you can allow monetization. YouTube links your channel to paying marketers so you can generate income from advertisements or commission from links to affiliate videos. You can also make money from YouTube Red memberships (where members pay for advantages such as enjoying YouTube videos without advertisements), fan funding, or merchandising.

YouTube offers a wealth of guidance through its [Creator Academy](#), consisting of a truly helpful guide to making money-- and additionally, we've formerly provided our own take on how to get your material to go viral!

3. Produce a Niche Must-Have Product

If you need significant additional cash, developing a product to make people's lives more comfortable in some way could certainly assist you to achieve that dream.

You'll require a terrific idea for a product or service that people will really desire, and checking out desirability versus need is essential for success.

You'll also research for a specific niche that few individuals currently make use of, which implies your own level of expertise is important. You'll require to choose a market you currently understand well, then dedicate to more research to ensure your brainchild fulfills an unfulfilled existing or prospective requirement.

Provided the enormous market for apps and other web-based products and services, your product need not be something solid and three-dimensional-- it's equally possible that you might define a digital space instead of a physical one.

4. Do Something Better

A better way to manage your finances

With Hiveage you can send elegant invoices to your customers, accept online payments, and manage your team — all in one place.

[Try it FREE](#)

An illustration of a woman with dark hair, wearing a red shirt and a blue watch, holding a blue box. A red plant with a blue flower and a square icon is growing out of the box. Several blue coins with square icons are floating around the woman.

This is known as the 'build a much better mousetrap' option, due to the fact that rather than thinking about an initial product, you determine a preexisting service or product you might improve on, simplify, or make more affordable.

There's an intriguing [Forbes post](#) that argues products and services do not just have to be better today, but also an excellent fit with what customers wish to perform in their lives. To succeed with a better mousetrap, your product or service not only needs to really do more than existing mousetraps, but it also needs to be attractive to today's picky and choice-spoiled consumer.

To start, determine elements of existing products or services that trouble consumers by looking for unfavorable product feedback on user online forums or the maker's website. From this, you

can recognize what's wrong with it and how to enhance it-- however, beware not to breach copyrights! For further reading, you may wish to check out the [United States Copyrights Office's](#) detailed FAQ?.

5. Monetize Your Blog (or Website).

If you have a blog site with a healthy following, you can monetize it by using a 'Pay-Per-Click (PPC)' advertising service such as [Google AdSense](#) (the greatest player on the market).

Go ahead, sign up, utilize the AdSense tool to construct an advert code, and put it up on your blog site or site. Naturally, the amount you make depends on the quantity of traffic your website draws in, and the number of individuals who click the advertisements. You need to be truly creative in developing fantastic ads if you want to drive enough traffic to your blog site or main money site.

Generating income in this way (likewise to YouTube advertisements) provides you what's called '[passive earnings](#)', which means you don't have to really make or do anything (apart from developing content and preserve your website) to make money. For an extensive list of other money-making blog and site concepts, have a look at this site, which provides all sorts of intriguing tips.

6. Host Webinars.

If you have gathered yourself an audience, and you have a service to one of their key issues, you could attempt hosting a webinar-- in essence, a live online seminar.

This alternative needs substantial ideas, knowledge, time, and additional skills in creating and editing videos-- not to mention possibly some investment to succeed. Not only do you have to gather all the info needed (and potentially pay experts to fill in the gaps in your knowledge), but you also need to market your webinar extensively to draw in your audience. You'll need to be able to arrange the live online experience so your paying customers are happy.

There are a number of intriguing articles out there taking a look at both the risks and positives of webinars, and lots of others offer their thoughts on the requirements for an effective webinar, and how to earn money from it.

Conclusion.

Making an extra \$100 a day might appear like a difficult dream, however in reality there are numerous alternatives that can make you this much and more! You need to be ready to work hard and think hard, but the potential exists to generate routine extra cash for the long term.
